

Senior Cloud Architect (m,w,d)

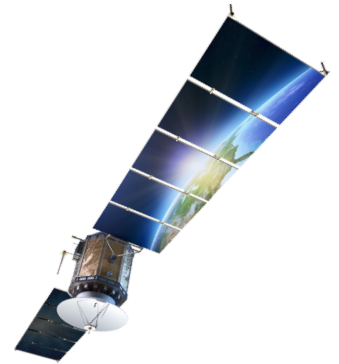

Work at LiveEO in the vibrant Berlin Start-Up ecosystem

At LiveEO you will be working as an essential part of a Berlin-based space Start-Up. Take our products to the next level and help us bring earth observation to the enterprise sector. Scale over thousands of machines on Amazon Web Services and work on an architecture that may already be world leading in the field of earth observation.

Work at LiveEO

We are a young, open-minded, and diverse team with flat hierarchies, spanning different nationalities from all over the globe. We're excited about space, satellites and new possibilities to disrupt markets with state-of-the-art earth observation technologies. We are conveniently located in the center of Berlin-Kreuzberg at Gitschiner Str. 94.

Your challenges

- Develop cloud-native solutions that scale to hundreds or thousands of computers.
- Decide on tools that will be used by different teams of the company, based on experience, experimentation, use-cases, and best practices.
- Maintain most of the cloud resources the company has in place, including AWS Batch clusters, Lambda functions, EFS disks, S3 buckets, IAM groups&policies.
- Keep up-to-date with new cloud technologies and AWS services that might come in handy for different projects and our AWS APN tech partnership.
- Solve any complex AWS problem that colleagues might encounter.
- Take over responsibility and lead to shape LiveEOs cloud architecture.

Your profile

- Ideally more than 5 years of professional experience in software development.
- Strong background in building scalable production architectures on AWS.
- Solid experience in Python programming.
- Experience in Apache Airflow is a plus.
- Fluency in English for verbal and written communication is required.
- You are willing to relocate to Berlin.
- We would like to encourage female applicants as well as applicants with migratory background.

Interested in this position? Send your CV and a short cover letter to jobs@live-eo.com and we will get to you as soon as possible.
