

Full-Time Data Science Intern (m,w,d)

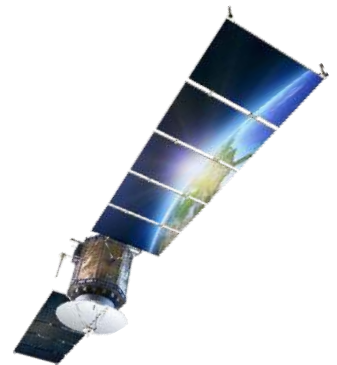

Work at LiveEO in the vibrant Berlin Start-Up ecosystem

At LiveEO you will be working in a Berlin-based space Start-Up. Take our products to the next level and help us bring earth observation to the enterprise sector.

Work at LiveEO

We are an open-minded, and diverse team with flat hierarchies, spanning different nationalities from all over the globe. We're excited about space, satellites and new possibilities to disrupt markets with state-of-the-art earth observation technologies. We are conveniently located in the center of Berlin-Kreuzberg.

Your challenges

- Explore and solve exciting data science challenges with immediate impact for the company
- Take up ownership for your projects, your work will make a difference from day 1
- Be engaged, communicate your results to the team
- Assist the technical team in delivering results to customers across the world

Your profile

- Good working knowledge of Python data science stack. Familiarity with Git and / or AWS is a plus
- Familiarity with basic Data Analysis workflow and Machine Learning concepts
- Passionate about the quality of data, analysis and results, eye for the detail
- Ability to dig deep into a problem, but able to multitask and adapt to changing priorities if necessary
- Both your written and spoken English skills are impeccable, German is a plus
- You are willing to relocate to Berlin and have time for a 3-6 month Full-Time internship

Interested in this position? Send your CV and a short cover letter to jobs@live-eo.com and we will get to you as soon as possible
