

# Multi-Project Manager (f/m/x) in the field of AI & Satellite Data

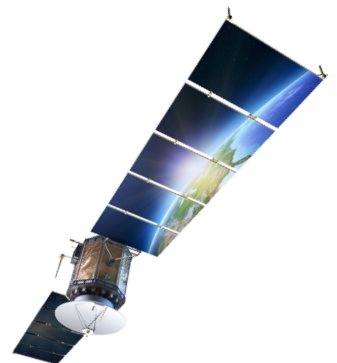

Do you like to manage and steer multiple projects? Do you thrive when there is a complex project landscape and work processes to handle? Do you enjoy engaging in multi-stakeholder management? Then here is your chance!

## Work at LiveEO in the vibrant Berlin startup ecosystem

LiveEO is applying the latest developments in AI to satellite data analytics and is translating earth observation data for enterprise customers with its unique Enterprise SaaS solution. LiveEO is spearheading the new space race and industry, is venture capital backed and consists of an incredible, international team which is building something big.

As a Multi-Project Manager at LiveEO you will be working as an essential part of our team. You will make sure that we are successful in bringing earth observation to enterprises - on global scale.

## Your challenge

- Execute multiple projects on strategic and operational level: prioritize and synchronize different deliveries and development activities and act as clarity catalyst to maximize strategic and operational impact
- Create transparency on project pipeline: evaluate resource (people and skills) needs, make sure that the dots are connected and inform all involved parties
- Plan capacity: balance available capacity with resource demands, initiate and maintain the staffing process
- Manage workflows: make sure that workflows are in sync and that interfaces work seamlessly
- Ensure that deliveries and developments are on track: moderate planning meetings, identify roadblockers early on, reallocate resources and remove blockers
- Raise the flag and escalate: gain perspective and bring the team together for finding solutions.
- Increase operational excellence: understand and externalize repeating project processes, create playbooks and train project members

- Evaluate processes: measure performance, implement KPIs and constantly raise the bar

## Your profile

- 3+ years experience multi-project management
- Degree in business or IT, specialization in project management
- Excellent analytical and interpersonal skills: organized and precise character with foresight for an excellent planning
- Strong track record of goal-oriented project execution
- High degree of self-management and process efficiency
- Independent and reliable work style
- High willingness to take on responsibility
- Excellent communication skills
- Strong verbal and written communication skills in English, German is a plus
- Will to build something great

## Your benefits

- Start-up culture with a high degree of freedom and responsibility
- Fast personal development towards program and portfolio management with increasing responsibility and strategic impact
- The opportunity to help create a product that can improve business processes and life across the globe
- Flat hierarchies as well as direct and open communication
- Front row seat in the development of a multinational market leader in a new industry
- Fair compensation, potential participation in the employee stock option program
- Great international team
- Office located in the center of Berlin Kreuzberg
- Flexible working hours
