

## Full-time Intern QA (f/m/x)

### Work at LiveEO in the vibrant Berlin startup ecosystem

LiveEO is applying the newest developments in artificial intelligence to analyze satellite data and is bringing the insights of earth observation data to customers in the enterprise sector with its unique SaaS solution.

LiveEO is standing at the forefront of a new space industry, is venture capital backed and consists of an incredible, international team which is building something big.

As a quality assurance engineer at LiveEO you will be working as an essential part of our team.

### Work at LiveEO

We are a dynamic, open-minded, and diverse team with flat hierarchies, spanning different nationalities from all over the globe. We are excited about space, satellites and new possibilities to disrupt markets through the commercialization of the space industry.

### Your challenges

- The QC Tester is responsible for the establishment of new testing processes and the improvement of the existing ones.
- Working with project managers and team leads, you determine testing strategies and improve efficiency by producing relevant metrics.
- You work together with the development team in producing very high quality projects.
- You design and prepare test cases.
- You keep the QC process and documentation up to date.
- You produce build/release notes and other core QC documentation for external consumption.
- You have a proactive attitude, able to identify issues and provide solutions.
- You write QA reports in a professional manner for senior management.

### Your profile

- Highly motivated, independent work and self-confident demeanor.
- Excellent knowledge of bug life cycle.
- You have the ability to operate Android & iOS platforms without assistance.
- You are computer literate and familiar with Microsoft software (Word, Excel and Outlook) and any ticketing system (JIRA, Bugzilla, PivotalTracker, etc).
- You have excellent planning and reporting skills.

## Full-time Intern QA (f/m/x)

- You have top notch communication skills, ability to identify and defuse stressful situations.
- You are flexible and able to adapt easily to new situations.
- You are a real team player: we use agile development methods, where the team members are in permanent contact.
- Open mind, respectful attitude towards others and their work and good communication skills are a must.
- You are fluent in English (written and spoken).

## Your benefits

- The opportunity to help create a product that can improve business processes & life across the globe
- Front row seat in the development of a multinational market leader in a new industry
- Flat hierarchies as well as short and open communication
- Start-up culture with a high degree of freedom and responsibility
- Fair compensation, potential participation in the employee stock option program
- Office located in the center of Berlin Kreuzberg, free fruits & drinks
- Flexible home office arrangement & working hours
- International team and frequent team events
